INDEX.

* Denotes an original article. † Book reviews.

A PAGE

Abdominal cyst, a rare *811
—— pregnancy, primary 151
Abortion, a clinical contribution on the indication of 969
—— abstracts concerning the use of interruptin and other pastes for procuring ..... †120
—— calculations on the mortality from, in Germany 676
—— conservative treatment of incomplete 134
—— criminal ..... †934
—— disaffinity of paterno-maternal blood groups as a constitutional cause of 678
—— indication for the induction of 940
—— in Malmo during the years 1897 to 1928 196
—— therapeutic, in pulmonary tuberculosis 629
Accouchement, the principles of 395
Adenomyoma of the uterus with tuberculous infection *594
Adenomyosis, adenoma and 192
Amniotic nodules, a contribution to the recognition of 986
—— sac contents in the lungs of infants 153
Anaemia of the newborn 392
—— prophylaxis of the, of premature infants 634
Anaesthesia in gynaecology, first experiences with segmental peridural 904
—— local, for curettage in the treatment of haemorrhage from the uterus in chronic metritis 401
—— —— for uterine operations 438
—— regional, in the rapid evacuation of the uterus by the vaginal route 963
Anderson, David Fyfe: Gastric acidity in emesis and hyperemesis gravidarum *558
Anencephalus, the radiographic diagnosis of 681
Antenatal care and maternal mortality 938
Anti-tubercular vaccination of the newborn child with Bacillus Calmette-Guérin, clinical observations on the *507
Appendix, the relation of the female genitalia to the, with special reference to prophylactic appendicectomy 966
Aschheim's and Zondek's reaction, a comparison of Brouha's and Simonnet's test for pregnancy with 405
Aschheim-Zondek pregnancy test, the 661
—— —— reaction, technical simplification of the 179
—— —— test for pregnancy, an examination of the 138
Atelectasis in the newborn 393

Athletics in women and health 970
Atresia, acquired, of the genital tract, with note of cases *587
"Avertin" anaesthesia, an introduction to rectal .....†932
—— —— in childbirth 939
—— in gynaecology 947
—— studies on 147

B

Bar, Professor Paul: Clinical observations on the anti-tubercular vaccination of the newborn child with Bacillus Calmette-Guérin *507
Bartholin's gland, carcinoma of 629
Bartholinitis, the treatment of chronic 408
Bercovitz test in pregnancy, the 144
Bey, Naguib Mahfouz: Rupture of the Uterus *743
Birth control centre, on the management of a .....†936
—— —— the practice of .....†935
—— —— literature, a guide to .....†936
—— —— physician's manual of .....†935
—— injuries in the newborn 198
Bladder, exstrophy of the, complicated by other congenital anomalies 952
—— perforation of the, by an ovarian dermoid cyst 209
—— urinary, complete prolapse of the 183
Blood calcium during pregnancy 383
—— of the newborn, the substances involved in the coagulation of the 392
—— sugar during the first few days of life 186
—— transfusion, the technique and results of direct, in obstetrics and gynaecology 967
Breast feeding .....†933
Broncho-pneumonia in newly born infants 403
Browkin, D. P.: Hermaphroditismus femininus et chondrodistrophia *72
Browne, F. J.: Antenatal care and maternal mortality 938
Brown, R. Christie: The posterior pituitary gland in pregnancy...*596

C

Caesarean section .....†118
—— —— operation, variations in the lower segment 984
—— —— should upper segment, be regarded as obsolete and be replaced by the low segment operation? 401
—— —— the influence of, on subsequent fertility 188
—— —— the place of low, in obstetrics 650
—— —— the question of 669
—— —— the results of, during 1930 411
Calcium in gynaecology, newer indications for 426
Cameron, S. J., and H. Thomson: The treatment of albuminuria of pregnancy *343
Cancer and syphilis as determined by positive serology, the association of 684
—— the blood-sugar in 439
—— the prognosis of gynaecological 154

Carcinoma, cervical, at the end of pregnancy 417
—— in the uterine stump after subtotal hysterectomy for fibroids...212
—— of the cervix and vagina, the new fight against 677
—— of the cervix uteri in youth and extreme old age 139
—— of the cervix uteri with special reference to its occurrence in early life 211
—— of the uterus and ovaries, the combination of operation and radiation in the treatment of 413
—— the treatment of, in gynaecology 191
Cardiazol-quinine in midwifery and gynaecology 675
Cervical carcinoma occurring during pregnancy, a histological study of four cases of 441
—— —— the results of treatment of 211
—— stump, carcinoma of the, following subtotal hysterectomy ...447
Cervicis, late results of early operations for carcinoma of 648
Cervix, a contribution to the treatment of carcinoma of the 167
—— a unified plan for keeping records of a carcinomata of the uterine 447
—— an unusual case of osseous metastases from carcinoma of the 207
—— carcinoma of the 634
—— invasion of the lymphatic nodes in cancer of the uterine 441
—— resection of the pelvic sympathetic nerve for pain in cases of carcinoma of the 956
—— retrograde metastases in the carcinoma of the 400
—— stricture of the uterine 390
—— the aetiology of carcinoma of the uterine, with reference to obstetric trauma 691
—— the grading of carcinoma of, as checked at autopsy 691
—— the histological classification of carcinoma of the, as regards prognosis 210
—— the prophylactic treatment of precancerous conditions of the uterine 448
—— the results of treatment and lasting cures of carcinoma of the 655
—— the treatment of carcinoma of the 951
—— the treatment of carcinoma of the, by vaginal hysterectomy and radium 630
—— uteri, carcinoma of the 151
—— —— how cancer starts in the 440
—— X-ray and radium treatment of adenocarcinoma of the 191
Chemical embryology .....†109
Childbirth, the increasing difficulty of 192
Chisholm, A. E.: A rare abdominal cyst *811
Chorion-carcinoma of the intestine 439
—— —— treated by X-rays, a case of 640
—— epithelioma apparently arising from an embryoma 449
—— —— Aschheim's and Zondek's reaction in a case of uterine...450
—— —— in males 685
—— —— malignum, a statistical observation of 199
—— —— microscopical diagnosis of, especially from curetted material 175

Chorion-epithelioma of the testis with metastases in the lungs and abdomen and with gynaecomastia 203
—— —— of the testicle with gynaecomastia and pregnancy 442
—— —— of testis with strongly positive Aschheim-Zondek reaction 686
—— —— of the uterus 390, 944
—— —— perforating, of the uterus with free intraperitoneal haemorrhage 147
—— —— problems concerning 172
—— —— spontaneous rupture of the uterus in premature labour as a result of 976
—— epitheliomata, invading trophoblastic proliferations and 449
Chorionic epithelium, culture in vitro of human 203
Cérébro-meningées à la naissance, les lésions .....†115
Citocol or the Sachs-uritebsky reaction in obstetrics and gynaecology 681
Claye, A. M.: Anaesthesia and analgesia in normal labour 938
Cleland, J. B.: Pyaemia following acute infective periostitis of the pubes in a case of miscarriage *599
Colpotomy, the late results in cases of 640
Conception period 672
Contraceptive measures, do, injure foetal life? 410
Contraction of the monkey's uterus at term 149
Corpus luteum, haemorrhagic cyst of the 650
Craniopagus parietalis vivens, a case of 673
Criminal abortion, damage to the ovum in 975
Cutis laxia congenita. (A rare sequela of oligohydramnios) 667
Daniels, E. A.: Dystocia dyspituitarism *573
Decidual cells in an ovary around a primary chorion-epithelioma, the production of 211
—— —— the formation of perivascular, in ovarian tissue around a primary chorion-epithelioma of the ovary 688

D

Delmas, the method of 987
Dental disease and pregnancy 969
Dermoid cyst of the ovary showing malignant change and metastases in the liver 648
—— ovarian cyst, rupture of, following a motor-cycle accident...204
—— —— cyst, spontaneous rupture of a 204
Diabetics, notes for .....†932
—— a method of rapid, of pathological specimens *527
Disproportion in obstetrics, some clinical aspects of 133
Dodds, Gladys H.: The immediate and remote prognosis of pyelitis of pregnancy and the puerperium *46
Dougal, Daniel: Endometriosis and endometriomata 132
Dreams in gynaecology, remarks on the significance of 982
Dutta, Captain P. C.: A case of angioma of the uterus *814
Dysmenorrhoea, endocrine therapy in 620
Dystocia dyspituitarism *573
—— in Cordoba 985

E

Eclampsia, a clinico-pathological study of, based upon 38 cases of autopsy 145
—— and the vascular system 655
—— clinical experiences with, and its treatment 174
—— its prevention and control by means of fluid limitation and dehydration 947
—— nomenclature of 620
—— or salvarsan poisoning? Three deaths of doubtful origin..... 437
—— resemblances in the clinical symptoms of nephropathy and, in pregnant subjects with the activities of the posterior lobe of the hypophysis 653
—— results in the treatment of 966
—— the nature of the urinary protein in 628
—— the treatment and prophylaxis of 660
—— the old and new treatment of ..... †931
—— the surgical indication of 146
—— without convulsions or eclampsism 979
Eden, T. W.: The infant mortality of birth 130
Elliott treatment. A new method of applying vaginal heat 146
Endocrine gland, the ovary as an 169
Endocrinology of the female, clinical ..... †927
Endometriosis and endometriomata 132
—— pelvic 628
—— probable tubal origin of 144
—— the genesis, diagnosis and treatment of 675
Endometrial biopsies, suction in obtaining 951
Endometrioma, histological alterations in heterotope, during the different phases of the menstrual cycle in a case of recto-vaginal adenomyosis 654
Endometriomata in laparotomy scars 206
English, W. L.: A case of twin labour in a lion marmoset *603
Essen-Möller, Elis: Some reflections in the treatment of placenta praevia *227
Ergotoxine and ergotamine, clinical comparison of 620

F

Face presentation, a case of 183
—— —— primary 171
Falkiner, Ninian McIntyre: A description of a human ovum fifteen days old with special reference to the vascular arrangements and to the morphology of the trophoblast *441
Fallopian tube, a case of primary carcinoma of the 382
—— —— primary carcinoma of the 143, 156
—— —— the frequency of division of the 667
—— tubes, bilateral torsion of healthy 649
—— —— the clinical features and pathology of primary carcinoma of the 656
—— —— the patency of the, after the intra-uterine injection of iodine 970
—— —— the significance of the passages near the, in nidation of the ovum 654

Fallopian tubes, the surgery of the 636
Female sex hormone, the effect of the, upon infantile male genitalia 417
Fertility, sperm morphology in relation to 147
Fibroids, some considerations on huge uterine 394
Fibromata of the abdominal wall 442
Fibromyomata and pregnancy 639
—— of the uterus causing intraperitoneal haemorrhage 386
Fibromatous uterus, a case of acute axial torsion of a 397
Fistulae, genito-abdominal 404
—— in women, ureteric 983
Foetus, a case in which a disintegrated, was discharged through the abdominal wall 624
Forceps, the obstetric, and its use 619

G

Gastric acidity in emesis and hyperemesis gravidarum *558
Genital organs of the female, the path of spread of inflammatory processes in the internal 660
Gibbons, R. A.: The causation of the onset of labour: a suggested theory *539
Giles, Arthur E.: A fantasy of the seasons and other verse .....†118
Gonorrhoea in women, the frequency and significance of rectal.....423
—— the treatment and prevention of, with celluloid capsules and azidosan paste 677
Gonorrhoeal infection in the female, the paragenital paths of ascending 661
Glucose therapy, the value of hypertonic, in pre-operative and post-operative conditions 628
Glycogen content of the placenta and foetal liver after the induction of artificial hyperglycaemia 189
Glycosuria in pregnancy 385
Graafian follicle containing two ova 968
Grafenberg's ring and tubal pregnancy 664
Greene, Raymond: The treatment of varicose veins during pregnancy *601
Gupta, J. C., and G. Mukhopadhaya: A case of ovarian carcinoma *580
—— N.: Anaemia of pregnancy 940
Gum acacia in the treatment of eclampsia 148
Gynaecology, textbook of .....†929
Gynakologische operationslehre .....†928

H

Haematocolpos in a girl aged sixteen and a half; incision; consecutive, double pyosalpinx 646
Haemorrhage, a safe means of arresting, not involving danger to life 427
Haemorrhage of the female genital organs, self blood injection arresting the 200
Heart disease, pregnancy complicated by *357
Hememilus, a case of *591
Hepatic lesions, the *777

Hormonal sterilization of the female 968
—— —— of female mammals, the 179
Hormone, anterior pituitary, in the cerebro-spinal fluid during pregnancy 629
—— therapy, the application of, in practice 186
Hormones in menorrhagia, the importance of 132
—— recent research on the sex, and their cyclical production 939
—— the reaction of the female genital organs to the injection of sexual, after sympathetic denervation 960
—— the therapeutic application of gonadstrophic 938
Hospital report, Queen Charlotte's Maternity, 1925–30 614
Human sterilization .....†612
Hydatidiform degeneration of the placenta, incomplete 637
—— mole of a toxic variety, a clinical and biological study of a case of 400
—— —— with typical structure, metastases of 412
Hydrosalpinx, on the cause of 199
Hyperemesis gravidarum, observations on the use of Lugol's solution in 628
Hysterectomy, the mortality of 143
—— the report of a fatal case of chemical 144
Icterus neonatorum, the causes of 412
—— —— the genesis of 982

I

Infantile diarrhoea 953
Insulin on ovarian function, experimental researches concerning the influence of 414
—— the value of, in the treatment of diabetes during pregnancy...417
Interruptin, a fatal case after the termination of pregnancy by.....667
—— a further fatal case following the use of 978
—— our experiences with 676
—— the mechanism of the termination of pregnancy with 974
Intra-uterine death, the detection of impending 148
—— —— therapy, a new form of: the introduction of an antiseptic paste into the uterus 969

J

Jeffcoate, T. N. A.: The relation of oestrin to abortion and parturition *07

K

Knowles, Frances Ivens-: Caesarean section .....†118
Kristeller grip, the 660
Krukenberg tumour of the ovary 204
—— —— of the ovary, fibrocarcinoma ventriculi and its relation to so-called 442
—— —— in the other, pyloric carcinoma accompanied by adenocarcinoma in one ovary and 686
—— tumours and other secondary ovarian carcinomata 692

L

Labium minus, the tearing off of a, during spontaneous delivery...971
Labour, a case of twin, in a lion marmoset *603

Labour, anaesthesia and analgesia in normal 938
—— a new method for graphically recording the contractions of the parturient human uterus : a study of the effect of certain sedatives, anaesthetics and stimulants upon the uterus in.....945
—— an investigation into the causes of the onset of 398
—— attempts to eliminate the pains of 165
—— delayed, caused by a shortened or short umbilical cord 389
—— hemiplegia during 682
—— hyosine amnesia in *804
—— in Finland, an inquiry into the duration of 193
—— rare causes of haemorrhage during 657
—— the causation of the onset of : a suggested theory *539
Landman, J. H. : Human sterilization .....†612
Laparotomy scars, the genesis of heterotopic endometrium in 186
Leucorrhoea 381
Leukaemia as an indication for the interruption of pregnancy.....394
Leukoplakia and carcinoma of the uterine cervix 448
—— followed by recurrent carcinoma of the vulva 689
—— of the vulva, co-existence of Bowen's disease and 208
—— vulvitis or kraurosis vulva; its relation to carcinoma and its surgical treatment 690
Lipiodol injection into the uterine cavity as an aid to the diagnosis of submucous fibroids, the use of 155
Liver tumour, a mixed, in a newborn child 971
Lochia, the duration of the red 379

M

Macafee, C. H. G. : Hyosine amnesia in labour *804
—— —— Tumour in the recto-vaginal space obstructing labour...*64
Malformation, a case of rare, of the female genital organs 645
Malignant growths in the same patient, three 439
—— tumours, the appearance of, after treatment with radium and X-rays 406
—— —— the hypophysis and 192
Mammary plastic operation 672
Manoiloff's pregnancy reaction, the value of 967
Manoiloff test, the 638
Marshall, F. H. A. : Recent researches on the sex hormones and their cyclical production 939
Maternity hospitals, mortality in 379
—— —— reports .....†371
—— mortality and morbidity, final report of departmental committee on .....†924
—— —— high, in certain areas .....†926
Maxwell, J. Preston : Vitamin deficiency in the antenatal period, its effects on the mother and the infant *764
McClure, H. Ian : Pregnancy complicated by heart disease *357
Membranes, the action of the bag of, in parturition 407
—— the diagnosis, significance and treatment of premature rupture of the 180
Memoriam, In : Henry John Forbes Simson (1872–1932) *920
—— —— Herbert Leith Murray (1880–1932) 604

Memoriam, In: John Whitridge Williams *109
Menopause and its complications, the 620
—— haemorrhage at, and cancer of the ovary 692
Menopausal insanity and bacterial toxaemia 620
Menstrual and reproductive cycles, basal metabolism during the...422
—— periodicity, the relation between, and the duration of pregnancy 198
Menstruation, a contribution to the question of the effects of exercise on 191
—— precocious 952
—— the age of first, in mothers and daughters 631
—— the human uterine mucous membrane during 143
Mesentery, chylous cysts of the 648
Metabolism, the iron, of infants 433
Metrorrhagia and menorrhagia of puberty due to blood disease...401
—— diathermy of the thyro-para-thyroid region in 680

—— the early and differential diagnosis of 157
—— the influence of, on the growth of cancer of the rectum 439
—— the intraperitoneal pressure and its changes during *854
—— the posterior pituitary gland in *596
—— the rapid diagnosis of, from the urine 432
—— the relation between uterine cancer and 402
—— the treatment of albuminuria of *343
—— the vicissitudes of the medical indications for the interruption of 418
—— the X-ray picture of the urinary ducts during and after 673
—— toxic neuronitis of 943
—— toxaemias of, and calcium deficiency 182
—— toxaemia, the classification of late *310
—— twin, with vesicular mole in one ovum 670
—— two cases of full-term extra-uterine 435
Pregnant state, the relation between blood guanidin and the 393

Premature children, the treatment of, by folliculin 412
—— infant, some aspects of the circulation in the 953
—— infants, the care of 954
Pre-sacral nerve, considerations of five cases of resection of the...681
Progestin, the role of, in the female reproductive cycle 152
Prolapse in the aged, combined excision of the uterus and vagina for complete 654
—— the Halban operation for genital 942
—— the symptomatology of genital, and the scope of vesico-vaginal interposition of the uterus and its modifications 656
Pruritis vulvae, the result of pernicious anæmia 966
Pseudo-pregnancy 389
Puberty, dysmenorrhœa of 168
Puerperal fever and septic abortion, statistics on the value of serum therapy in 967
—— —— fourteen cases of 171
—— —— the prognostic significance of rigors in, and their diagnostic value 416
—— —— the prophylaxis of 138
—— —— the treatment of, by the patient's own blood 173
—— infection, nine new cases of severe, successfully treated by immuno-transfusion 645
—— —— suction treatment of the earlier forms of 181
—— infections, the diagnosis and prognosis of 959
—— sepsis and prophylactic vaginal antisepsis 381
—— —— diet as a prophylactic agent against 131
—— —— the diagnosis and treatment 138
—— —— the epidemiology, bacteriology and treatment of *877
—— uterus, the action of ergot preparations on the 620
Puerperium, delayed bleeding in the 390
—— traumatic vesical rupture during 660
Pyæmia following acute infective periostitis of the pubes in a case of miscarriage *500
—— ligature of the veins for 415
—— the early diagnosis and prognosis in cases of 416
